

The Treehouse Playgroup at DFUMC

Our Treehouse Playgroup meets Friday afternoons from 12:30 pm to 2:00 pm during the school year and is facilitated by one of our preschool staff members. This program is designed to be a "mommy and me" experience for children from birth to school age and their parent or caregiver. Parents, grandparents, or other caregivers are welcome to bring their young children each Friday afternoon to experience a supervised playgroup that includes play time in our developmentally appropriate setting, arts and crafts, snacks and new friends.

This is a great place for families to meet other parents and families with many of the same things in common. The children have the opportunity to develop social skills while having fun with their peers and the adults get a chance to spend time with other adults experiencing the same joys and facing similar challenges.

The Treehouse Playgroup is available to families at one low cost PER FAMILY for the entire school year. Playgroup follows the DV School District schedule, so in the case of a delayed opening or closing for inclement weather or school holidays, our schedule follows and updates are posted on our Treehouse Playgroup Facebook page. Please email us at treeoflifepreschoolpa@gmail.com for more information.
